EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 12, line 8; --in--was ~~inserted~~ between "CD-R disks" and "at least two".

The claim was amended in order to clarify the claim language.

The following is an examiner's statement of reasons for allowance: the prior art of record considered as a whole fails to teach or suggest a compact disk recording system for the duplication of data onto CD-R disks, the system including: lifting means for engaging and transporting a CD-R disk in a vertical direction; a set of multiple stacked recordable disk drives; rotating transport means for transporting a CD-R disk in a horizontal plane while the CD-R disk is engaged by the lifting means; and disk stacking means for holding CD-R disks in at least two stacks. The prior art also fails to teach or suggest a compact disk recording system including a transport tower with a vertical axis, a positioning arm connected to the transport tower, the positioning arm having a disk pickup mechanism positioned on the arm displaced from the central vertical axis of the transport tower, a pivot mechanism operably connected to the transport tower

Art Unit: 2753

and positioning arm wherein the disk pickup mechanism is moveable in a radial arc about the vertical axis of the transport tower, and a displacement mechanism operably connected to the positioning arm and transport tower wherein the positioning arm is vertically displaceable along a path adjacent to the vertical axis of the transport tower and vertically positionable at any selected position on the path.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
